Subarno Ranjan Barua

Full Stack Developer

Chattrogram, Bangladesh | subarnoranjan12@gmail.com | +8801791997019 | Portfolio | LinkedIn | GitHub

SUMMARY

I am an aspiring full stack developer passionate about creating dynamic, user-friendly web experiences. I specialize in both frontend and backend development, utilizing modern tools like React.js, TailwindCSS, Node.js, Express.js, Firebase, and MongoDB to build efficient and scalable solutions. Committed to writing clean, maintainable code, I continuously refine my skills and stay updated with industry trends.

TECHNICAL SKILLS

Frontend: HTML, CSS, TailwindCSS, JavaScript, React.js
Backend: Node.js, Express.js, Firebase
Database: MongoDB
Other Tools: Git, VS code

PROJECTS

CarRental – smart solution for seamless car rentals | Link | Client | Server
- Users can select cars, view detailed specifications, and book cars based on availability and specifications.
- Owners have access to a dedicated dashboard to manage car listings, rental details, and user information securely.
- Owners have permission to confirm the booking of their car and can list it on the website for rental.

Technologies: React.js, Tailwind, MongoDB, Express.js, Node.js, Axios, Motion
